

August 21, 2007

Dear Todd & Candice,

Long before you asked us to write a letter on your behalf, we often said to each other: "Todd & Candice sure would make great parents", and "Todd & Candice's children will be so fortunate to have them as parents."

We were attracted to our neighborhood because of the sense of community and family values that are represented here. Over the last ten years we have had the pleasure of knowing you as friends and neighbors and interacting with you in many diverse settings. We consistently experience from both of you a deep & abiding love for each other, solid character, genuine concern for your neighbors and your community, stability and commitment to family. You are ambassadors of community & family values for our neighborhood. Both of you also manage to consistently have fun in whatever it is that you are doing, and you maintain a genuine interest in others around you of all ages enjoying life as much as you do. It's a great combination that any child would be blessed to be a part of!

We wish you well and are praying for success on your path to adoption. Should anyone wish to contact us for further inquiry, they may do so by the email address below. It would be our pleasure to speak with anyone on your behalf.

Fondly,
Leon & Barbara Leake

MARIETTA, GA
