Dear Todd and Candice,

We are so excited that you have decided to pursue adoption! We know you will both be fantastic parents and provide a wonderful life for the child that is lucky enough to come into your home.

We have known you since we moved into the neighborhood almost 4 years ago. Since the first time we met, you have always gone out of your way to make us feel welcome in our new neighborhood. Through the years, we have always enjoyed your company at neighborhood functions. For these reasons, we see you as more than just neighbors, but as friends.

You have proven yourselves to be most wonderful people. We have watched as you passionately organize and tackle projects that help to better our neighborhood, community, and environment. You are very reliable and are always willing to assist your friends and neighbors in need. We have had numerous opportunities to watch you interact with our son and the other children in the neighborhood, and we feel certain that you both have the skills necessary to be good parents. We appreciate the way you always take care of other children as if they were your own. Knowing your backgrounds, we know how highly you value education and feel you will instill this same set of values in your own children. We look forward to seeing you have the experiences of shaping a young child into a responsible adult.

Wishing you all the best  
Karen and Brandon
