

 Candice & Todd,

It is with great pleasure that I write this letter. I am so very happy to hear that you two are planning to adopt. I can't think of two better parents than the two of you would be!

You both are so talented! Any child will benefit from having two parents like you. You can teach them so much! But most importantly, you will be great parents because of the love you have to share!

The two of you are so thoughtful and caring! You have done so much for me and all those around you. You seem to have boundless energy to be able to do all that you accomplish! The renovations to your home are beautiful! Your care and efforts to preserve our environment are admirable. Your commitment to helping unite and improve our neighborhood is always appreciated!

What a blessing it will be to have another little one in the neighborhood! My prayers are with you both!

Sincerely,
Pamela
